MAGISTRATE JUDGE WEISMAN

RANDOM

COMPLAINT

University of Illinois,
University of Nottingham,
Google, Google DeepMind,

Systemic harms done to me at an
International level between my employers,
all guilty of employment fraud.

The harms done to me are physical
damages and because the employers fired
me I am unable to get medical care
for the harms they did to me, etc.

While I was employed by one employer,
I was also employed by the others,

I was also involved in legal disputes,
over the employers while I was gaining
new employment with these employers.

 University of Illinois
 University of Nottingham

Systemic harms were done to me by my
 employers and I was punished for following their
 internal policies to report employment law violations,
 Civil, State, Federal, Constitutional law violations done
 to me. The internal policies are used to create a falsified
 paper trail against me \Rightarrow collect information and assess how to treat me at
 At each employer I was working for
 the employers' other locations at the same time,
 remotely. The employers have companies
 located all over the world and when at the companies
 I worked with people at their companies all over
 the world. Google Inc. and alphabet ^{Inc. Google DeepMind} are the
 same company ~~but at~~ but I am not sure if they
 were the same company when I was there.
 Your court system is not taking into account
 the geographical ~~to~~ mobility of people due to
 technology ~~and~~ and so we are working at a global
 level with these companies and my case involves
 all these employees.

My property was stolen and is now being
 used inside every google product.
